In such case, the ACGL Titleholder shall be deemed to be the lowest-seeded club in the ACL2 Group Stage for the purposes of club entries.
- 3.15. - 3.17. In case of a redistribution of direct slots, the following principles shall be applied within the relevant AFC Club Competition:
- 3.17.1. subject to Articles 3.19 and 3.20, any direct slot(s) that were forfeited shall be redistributed to the highest eligible Member Association in the same Regional Ranking of the same AFC Club Competition as follows:

- 3.18. For the avoidance of doubt, any indirect slot which is not allocated to an eligible club shall be annulled and not be redistributed.

Maximum Number of Slots allocated to a Member Association

- 3.19. With the exception of any adjustments to slot(s) allocated to a Member Association in accordance with Articles 3.4, 3.5, 3.12.2, 3.13.2 and 3.14.2, the maximum number of total slots (direct and indirect) allocated to a Member Association across all AFC Club Competitions shall be limited to whichever number is the lower of the following:
- 3.19.1. A maximum of four (4) slots; or
 - 3.19.2. one-third (1/3) of the total number of clubs in the domestic top division league of the Member Association. For the avoidance of doubt, when determining the total number of clubs in the domestic top division league of a Member Association, 'foreign' clubs (i.e. clubs which are not affiliated to the relevant Member Association) shall not be considered. The AFC General Secretariat has the sole discretion to determine whether a club shall be considered 'foreign' for such purposes.
- 3.20. With the exception of any adjustments to slot(s) allocated to a Member Association in accordance with Articles 3.4, 3.5, 3.12.2, 3.13.2, 3.14.2 and 4.3, the maximum number of slots allocated to a Member Association in each specific AFC Club Competition shall be limited to the following:

SECTION 4: ELIGIBILITY OF CLUBS

- 5.1. To be eligible to participate in the AFC Club Competitions, a club must:
 - 5.1.1. be granted a licence in accordance with Article 6;
 - 5.1.2. meet the Sporting Criteria; and
 - 5.1.3. comply with the rules on the integrity of the AFC Club Competitions as set out in Article 8.
- 5.2. In case of failure to meet any of the criteria defined in Article 5.1, a club shall be considered ineligible to participate in the AFC Club Competitions. Accordingly, subject to Articles 3.19 and 3.20, such club shall be replaced by the next-best seeded eligible club from the same Member Association in accordance with Article 7.3.

6. Club Licensing Criteria

- 6.1. Member Associations are required to implement a national club licensing system for all the clubs within their domestic top division league, in accordance with the AFC Club Licensing Regulations.
- 6.2. Clubs that meet the Sporting Criteria must have validly received a licence from the relevant national licensor.
- 6.3. Where a Member Association has fewer licensed clubs than slots allocated to it:
 - 6.3.1. any direct slot(s) shall be redistributed in accordance with Article 3.17; and
 - 6.3.2. any indirect slot(s) shall be annulled and not redistributed.

Extraordinary Application

- 6.4. Where a club has not acquired a licence from the relevant national licensor, that licensor may, on behalf of such club, request an extraordinary application of the club licensing system in accordance with the AFC Club Licensing Regulations.
- 6.5. Member Associations which do not have an approved national licensing process shall only request an extraordinary application once for each relevant club. This limit includes all requests undertaken in previous AFC Club Competitions Sporting Seasons.

AFC Entry Control Body

- 6.6. The AFC Club Licensing Regulations set out the matters relating to the club licensing criteria that may be lodged or appealed before the AFC Entry Control Body. Such decisions shall be made in accordance with the Procedural Rules Governing the AFC Entry Control Body.

7. Sporting Criteria

- 7.1. Subject to the relevant provisions of these Entry Regulations, each Member Association shall set the methodology for nomination of its representative club(s) for the AFC Club Competitions. Notwithstanding the foregoing, each Member Association shall ensure that, without exception:
 - 7.1.1. subject to Articles 3.6 to 3.14, its club(s) qualify for the AFC Club Competitions based on sporting merit;
 - 7.1.2. it clearly identifies a domestic top division league and domestic cup (if applicable) for the purposes of these Entry Regulations;
 - 7.1.3. subject to Articles 3.9, 3.12, 3.13 and 3.14, the highest-seeded club nominated by the Member Association is the winner of its domestic top division league. In case the domestic top division league consists of different formats (e.g. a Knockout Stage after the completion of a League Stage), the Member Association shall be responsible for determining the winner of the domestic top division league as part of its nomination principles;
 - 7.1.4. the principles of objectivity, transparency and non-discrimination are respected with a view to ensuring fair entry into the AFC Club Competitions; and
 - 7.1.5. the nomination principles are approved by the relevant competent bodies within its Member Association and/or League prior to submission to the AFC.
- 7.2. Member Associations shall submit their proposed methodology for nominating their representative clubs to the AFC in writing by no later than 31 March preceding the start of the relevant AFC Club Competition Sporting Season. Once submitted, Member Associations shall only be required to resubmit their proposed methodology for the subsequent AFC Club Competition Sporting Seasons if any changes have been made to the methodology (in which case the aforementioned deadline shall apply).
- 7.3. Member Associations shall submit a list of eligible clubs with their respective seedings for the relevant AFC Club Competitions in accordance with the principles set out in these Entry Regulations to the AFC in writing by no later than 15 June preceding the start of the relevant AFC Club Competition Sporting Season.
- 7.4. Only clubs finishing in the top fifty percent (50%) of the final ranking in the domestic top division league (based on the total number of clubs that participated on its first match day) are eligible to meet the Sporting Criteria. For the avoidance of doubt, this Article 7.4 shall not apply to the winner of a domestic cup competition.
 - 7.4.1. For example, in a domestic top division league of twelve (12) clubs, only the top six (6) are eligible to participate in the AFC Club Competitions on the basis of their finishing position.
 - 7.4.2. For the avoidance of doubt, if the same domestic top division league commenced the Sporting Season with twelve (12) clubs, but only ten (10) completed the full Sporting Season for whatever reason, the top six (6) are eligible to participate in the AFC Club Competitions on the basis of their finishing position.

- 7.4.3. For the avoidance of doubt, when calculating the number of clubs that participated on the first match day of a domestic top division league and the final finishing position, 'foreign clubs' (i.e. clubs which are not affiliated to the relevant Member Association) shall not be considered. The AFC General Secretariat has the sole discretion to determine whether a club shall be considered 'foreign' for the above purpose.
- 7.5. This Article 7 shall only take into consideration the domestic top division league and domestic cup ending in the domestic Sporting Season immediately preceding the relevant AFC Club Competition.
- 7.5.1. Where there was no domestic top division league and/or domestic cup(s) held in the domestic Sporting Season immediately preceding the relevant AFC Club Competition, the relevant Member Association shall submit a written proposal to nominate the representative club(s) to the AFC for its approval by no later than the deadline stipulated in Article 7.2.

Eligible Club refuses to enter AFC Club Competition

- 7.6. For the avoidance of doubt, in case a club is eligible to participate in more than one (1) AFC Club Competition, it shall participate in the highest-tier AFC Club Competition for which it is eligible. If an eligible club refuses to enter any AFC Club Competition, despite meeting the criteria in accordance with Article 5.1, the slot(s) allocated to its Member Association shall be:
- 7.6.1. for any direct slot(s): redistributed in accordance with Article 3.17;
- 7.6.2. for any indirect slot(s): annulled and not redistributed.

8. Integrity of AFC Club Competitions

- 8.1. To ensure the integrity of AFC Club Competitions, clubs shall comply with all the provisions of this Article 8.
- 8.2. Decisions of the AFC Entry Control Body shall be made in accordance with the Procedural Rules Governing the AFC Entry Control Body.

Clubs directly or indirectly involved in Match Manipulation

- 8.3. If, on the basis of all the factual circumstances and information available to it, the AFC Entry Control Body concludes to its comfortable satisfaction that a club has been directly and/or indirectly involved, since the entry into force of Article 73.6 of the AFC Statutes on 8 June 2010 (or its future equivalents), in any activity aimed at arranging or influencing the outcome of a match at national or international level, such club shall be declared ineligible to participate in the AFC Club Competitions. Such ineligibility is effective for only one (1) Sporting Season.
- 8.3.1. When making this administrative decision, the AFC Entry Control Body can rely on, but is not bound by, a decision of a national or international sporting body, arbitral tribunal or state court.

- 8.3.2. The AFC Entry Control Body can refrain from declaring a club ineligible to participate in the AFC Club Competition if it is comfortably satisfied that the impact of a decision made in connection with the same factual circumstances by a national or international sporting body, arbitral tribunal or state court has already had the effect to prevent that club from participating in an AFC Club Competition.

Control or Influence of Clubs

- 8.4. The following criteria aim to safeguard the integrity of the AFC Club Competitions and its matches. Clubs must be committed to ensuring that they conform to the highest ethical and sporting standards regarding matters of control and influence.

In this regard:

- 8.4.1. No participating club may, either directly or indirectly:
- 8.4.1.1. hold or deal in the securities or shares of any other participating club;
 - 8.4.1.2. be a member of any other participating club;
 - 8.4.1.3. be involved in any capacity whatsoever in the management, administration and/or sporting performance of any other participating club; and/or
 - 8.4.1.4. have any power whatsoever in the management, administration and/or sporting performance of any other participating club,
- if there is a material risk that such circumstance(s) would actually or potentially jeopardise the integrity of an AFC Club Competition and/or any match in an AFC Club Competition.
- 8.4.2. No individual or legal entity may simultaneously be involved, either directly or indirectly, in any capacity whatsoever in the management, administration and/or sporting performance of more than one (1) participating club if there is a material risk that this would actually or potentially jeopardise the integrity of an AFC Club Competition and/or any match in an AFC Club Competition.
- 8.4.3. No individual or legal entity may have control or influence over more than one (1) participating club if there is a material risk that this would actually or potentially jeopardise the integrity of an AFC Club Competition and/or any match in an AFC Club Competition.

In this context, control or influence shall be defined as:

- 8.4.3.1. holding a majority of the shareholders' voting rights in the relevant participating club(s);
- 8.4.3.2. having the right to appoint or remove a majority of the members of the administrative, management, or supervisory body of the relevant participating club(s);

- 8.4.3.3. being a shareholder and alone controlling a majority of the shareholders' voting rights in the relevant participating club(s) pursuant to an agreement entered into with other shareholders of the relevant participating club(s); and/or
 - 8.4.3.4. being able to exercise by any means a decisive influence in the decision-making of the relevant participating club(s).
- 8.5. The burden of proof shall rest on the relevant club to prove its compliance with the provisions of Article 8.4 and the AFC shall be entitled, at its discretion, to request information from the relevant club in this regard.
- 8.6. If the AFC considers that any clubs may not or do not comply with Article 8.4, it shall refer the matter to the AFC Entry Control Body. The AFC Entry Control Body shall make all final decisions in this regard.

In such case, Article 8.8, 8.9 or 8.10 shall be implemented by the AFC.
- 8.8. If the non-compliance is determined prior to the relevant clubs' participation in the relevant AFC Club Competition and the AFC determines at its discretion that it is reasonably practicable to do so, then, subject to their compliance with these Entry Regulations and provided that the applicable slot allocations allow it, the relevant club(s) may be admitted to different AFC Club Competition(s) in accordance with the following principles (to apply in descending order):
- 8.8.1. in the first instance, where applicable, the eligible club which qualifies on sporting merit for the higher-tier AFC Club Competition shall have priority (i.e. in descending order, as applicable: ACL Elite, ACL2 or ACGL);
 - 8.8.2. if, having applied Article 8.8.1, and the relevant eligible clubs are affiliated to different Member Associations, the eligible club which is affiliated to a Member Association with the higher ranking in the AFC Club Competitions Ranking shall have priority; and
 - 8.8.3. if, having applied Article 8.8.2, and the relevant eligible clubs are affiliated to the same Member Association, the eligible club which is the higher seed shall have priority.

For the avoidance of doubt, it is not necessarily the case that all of the relevant clubs will be admitted to the AFC Club Competitions.

- 8.9. If the AFC determines at its discretion that it is not reasonably practicable to implement the provisions of Article 8.8 for whatever reason(s) then the AFC shall determine the next steps at its discretion, having regard to the importance of safeguarding the integrity and smooth operation of the AFC Club Competitions and matches in the AFC Club Competitions.

- 8.10. If the non-compliance is determined after the relevant clubs' participation in the relevant AFC Club Competition then the relevant clubs shall be permitted to complete the AFC Club Competition, however, the relevant clubs shall be declared ineligible to participate in the AFC Club Competitions for the following two (2) Sporting Seasons.
- 8.11. For the avoidance of doubt, nothing in these Entry Regulations shall be interpreted as limiting the ability of the AFC to initiate disciplinary proceedings in accordance with the AFC Disciplinary and Ethics Code.

APPENDIX 1: AFC CLUB COMPETITIONS RANKING PRINCIPLES

How are the rankings determined?

The AFC Club Competitions Ranking is a ranking of Member Associations based on the results of all their clubs in the AFC Club Competitions (and where applicable, the AFC Champions League™ and AFC Cup™) over the previous eight (8) relevant Sporting Seasons. To ensure the rankings better reflect the latest sporting results, points obtained in each relevant Sporting Season have a different weighted value as below:

SPORTING SEASON	Y	Y-1	Y-2	Y-3	Y-4	Y-5	Y-6	Y-7
WEIGHTED VALUE	1.0	0.9	0.8	0.7	0.6	0.5	0.4	0.3

* Y = most recently concluded AFC Club Competitions Sporting Season

* The 2020 Sporting Season is excluded from all point calculations and Y-8 will be included instead for such cases

e.g. calculation of points for 2023/24 ranking

$$\begin{aligned}
 \text{Points for 2023/24 Ranking} = & \quad 2023/24 \text{ points} \times 1 \\
 & + 2022 \text{ points} \times 0.9 \\
 & + 2021 \text{ points} \times 0.8 \\
 & + 2019 \text{ points} \times 0.7 \\
 & + 2018 \text{ points} \times 0.6 \\
 & + 2017 \text{ points} \times 0.5 \\
 & + 2016 \text{ points} \times 0.4 \\
 & + 2015 \text{ points}^* \times 0.3 \quad \text{*included as Y-8, instead of 2020}
 \end{aligned}$$

The rankings determine the slot allocation of each Member Association in the forthcoming AFC Club Competitions.

How are the Points of each Sporting Season calculated?

From the 2024/25 Sporting Season, each participating club is awarded points as follows:

		ACL Elite	ACL2	ACGL
Preliminary Stage	Win	0.3	0.3	0.3
	Draw	0.15	0.15	0.15
League/Group Stage & Knockout Stage	Win	3	3	3
	Draw	1	1	1
Participation Bonus	Preliminary Stage			0.5
	League/Group Stage	3	3	3
	Round of 16	3	3	
	Quarter Finals	1.5	1.5	3
	Semi Finals	1.5	1.5	1.5
	Final	1.5	1.5	1.5

Preliminary Stage

- Performance points (points for win and draw) shall be adjusted per AFC Club Competition as follows:
 - ACL2 points = two-thirds (2/3) of ACL Elite points (i.e. 0.2 for win & 0.1 for draw)
 - ACGL points = one-third (1/3) of ACL Elite points (i.e. 0.1 for win & 0.05 for draw)
- Participation bonus points (fixed points of 0.5 without any tier adjustments) shall only be awarded to participating clubs entering and eliminated from the ACGL Preliminary Stage. For the avoidance of doubt, no bonus points shall be awarded for participating clubs entering the ACGL Preliminary Stage and subsequently qualifying to the ACGL Group Stage, as well as participating clubs in the Preliminary Stage of ACL Elite and ACL2, as they will receive separate points for participating in the League/Group Stage of an AFC Club Competition.
- Based on the above, each participating club's total points from the Preliminary Stage shall be calculated as the sum of points awarded in the relevant AFC Club Competition.

League/Group Stage & Knockout Stage

- All points awarded in the League/Group Stage & Knockout Stage shall be adjusted per AFC Club Competition as follows:
 - ACL2 points = two-thirds (2/3) of ACL Elite points
 - ACGL points = one-third (1/3) of ACL Elite points
- In consideration of the different formats and number of matches required to reach the Final of each AFC Club Competition, the calculation shall also consider the difference in maximum points obtainable by the participating club compared to the maximum points obtainable from ACL Elite in the same Sporting Season.

- Based on the above, each participating club's total points from the League/Group Stage & Knockout Stage shall be calculated as below:
 - ACL Elite points = Sum of points awarded in ACL Elite
 - ACL2 points = Sum of points awarded in ACL2 × (maximum points obtainable in ACL Elite ÷ maximum points obtainable in ACL2) × 2/3
 - ACGL points = Sum of points awarded in ACGL × (maximum points obtainable in ACL Elite ÷ maximum points obtainable in ACGL) × 1/3

** The same principles shall apply in case of any discrepancy in the format and/or number of matches played between the participating clubs of ACL Elite. In such case, their points shall be calculated as = Sum of points awarded in the ACL Elite × (maximum points obtainable in the ACL Elite ÷ maximum points obtainable from relevant format and/or number of matches)*

e.g. calculation of 2023/24 rankings points of Club A participating in ACGL

Max. Points obtainable from ACL Elite 2023/24 = 49.5

Max. Points obtainable from ACGL 2023/24 = 33

Club A is awarded 15 points from ACGL 2023/24

*Club A's Points from League/Group Stage & Knockout Stage
= 15 × (49.5 ÷ 33) × 1/3 = 7.5*

Each participating club's total points for a Sporting Season shall be calculated as below:

Participating club's points

= Sum of points from Preliminary Stage + sum of points from League/Group Stage & Knockout Stage

Each Member Association's total points for a Sporting Season shall be calculated as below:

Member Association's points

= Sum of points of Member Association's participating clubs in Preliminary Stage + average points of Member Association's participating clubs in League/Group Stage & Knockout Stage

Additional Notes

Performance points (points for win and draw) are determined based on the results at the end of normal playing time. Results of Extra Time and Penalties (Penalty Shoot-outs) shall not be taken into consideration.

Points shall be rounded up or down, as appropriate, to the third decimal point (e.g. 1.1234 becomes 1.123 and 1.1235 becomes 1.124) when calculating the total points of each participating club and Member Association.

In case of a tie in the total points of two (2) or more Member Associations, the following shall apply to determine the higher-ranked Member Association, in descending order:

- 1) ranking points of the most recent Sporting Season in which the points are not equal among the Member Associations in question;
- 2) latest applicable FIFA Rankings of the Member Associations in question at the time of the publication of the ranking.
