In accordance with Articles 2 and 33 of the AFC Statutes, Article 1 of the Regulations Governing the Application of the AFC Statutes, and the FIFA Regulations Governing International Matches (the **“FIFA Regulations”**), the AFC Executive Committee has issued the following AFC Regulations Governing International Matches (the **“Regulations”**):

## ARTICLE 1      Objectives

- I. The objectives of these Regulations are:
  - a) to govern the process for the authorisation, notification and other requirements for International Matches and International Competitions involving Member Associations or one (1) or more teams affiliated to a Member Association, and any International Matches and International Competitions played on the territory of the AFC; and
  - b) to ensure that the AFC has a complete overview of International Matches and International Competitions involving Member Associations, Non-AFC Member Associations, Club Teams, Domestic Teams and Scratch Teams that occur within the territory of the AFC.

## ARTICLE 2      Scope of Regulations

- I. These regulations apply to all International Matches and International Competitions, except those included in competitions organised by FIFA, the AFC or the other Confederations.
2. These Regulations apply equally to association football, futsal and beach soccer.
3. International Matches or International Competitions authorised by the FIFA Executive Committee or the AFC Executive Committee on an exceptional basis shall not be subject to these Regulations.

## ARTICLE 3 Purpose

1. The purpose of these Regulations is to protect the integrity of the game by creating a framework that allows the relevant governing bodies to oversee International Matches and International Competitions. This oversight shall allow the relevant governing bodies to promote integrity, ethics and fair play with a view to preventing all methods or practices which might jeopardise the integrity of matches, competitions, players, officials and Member Associations, or give rise to the abuse of the game.

## ARTICLE 4 Duties of Member Associations

1. Member Associations shall draw up their own regulations governing the procedures for the authorisation and notification of International Matches and International Competitions, which must comply fully with these Regulations as well as the FIFA Regulations.
2. Member Associations must ensure that their own members respect these Regulations, the FIFA Regulations and the regulations of all Confederations concerned, as well as their own regulations.
3. Member Associations to which a Representative Team, Club Team or Domestic Team participating in an International Match or International Competition is affiliated, shall be responsible for obtaining authorisation from the AFC in accordance with these Regulations.
4. The Member Association on whose territory an International Match or International Competition will be played shall be responsible for ensuring compliance with all applicable regulations. It shall be responsible for obtaining authorisation from FIFA, the AFC, the other Confederation(s), Member Associations and Non-AFC Member Associations where required by these Regulations and/or the FIFA Regulations.
5. Member Associations shall inform, relevantly, other Member Associations, Non-AFC Member Associations, the AFC, other Confederation(s) and/or FIFA about

any International Match or International Competition that was arranged and played on its territory and for which authorisation was either not sought or not given.

6. Member Associations must reply to any written request in relation to an authorisation request from another Member Association, Non-AFC Member Association, the AFC, other Confederation(s) or FIFA, within seven (7) days of its receipt.
7. If for any reason the referees appointed for an International Match are changed, the participating teams must be informed and the reasons shall be documented accordingly in a report signed by an authorised official of the host Member Association and sent to the relevant Member Associations and/or Non-AFC Member Associations, the AFC, other Confederation(s) and/or FIFA.
8. Anyone submitting applications for authorisation and subsequent documents must ensure and confirm the accuracy and authenticity of the information contained therein.

## **ARTICLE 5      Name of International Matches or International Competitions**

1. The name used for International Matches or International Competitions may not refer to the existing official names of any competitions of FIFA, the AFC, the Confederations, Member Associations or Non-AFC Member Associations.
2. FIFA and the AFC reserve the right to approve all competition names.

## ARTICLE 6      Authorisation

1. All International Matches and International Competitions must be authorised by the Member Association or Non-AFC Member Associations to which the participating teams are affiliated and by the Member Association or Non-AFC Member Association on whose territory the match is to be played. International Matches involving a Scratch Team must be authorised by the Member Association or Non-AFC Member Association to which each individual player is registered.
2. Every team participating in an International Match shall be responsible for requesting the authorisation of the Member Association or Non-AFC Member Association to which they are affiliated to. The Member Association or Non-AFC Member Association, in turn, shall be responsible for requesting the authorisation from the AFC or the Confederation to which it is affiliated.
3. The Member Association or Non-AFC Member Association to which the participating teams are affiliated shall provide these authorisations to the host Association in order that the final request for authorisation can be completed in accordance with the time frames stipulated in these Regulations.
4. The AFC may reject applications not complying with the FIFA Regulations and/or these Regulations (as applicable).
5. The AFC's authorisation or refusal of authorisation is given by the AFC General Secretariat, whose decision shall be final, binding and not appealable.
6. An authorisation does not entail any liability on the part of the FIFA, the AFC, any Confederation, any Member Association or any Non-AFC Member Association in the event that any legal claim subsequently arises.

## ARTICLE 7      Tier 1 International Matches

1. For the purposes of these Regulations, a tier 1 International Match shall mean any International Match in which both of the teams participating are the “A” Representative Teams of a Member Association and/or Non-AFC Member Association, or an International Match involving a Scratch Team.
2. All tier 1 International Matches must be authorised as required by Article 10 of the FIFA Regulations.
3. An International Competition that contains at least one tier 1 International Match shall be classified as a tier 1 International Competition.
